

Passwords and Security

How do I access and log into Workday?

Users will access Workday through the OneLogin portal. You will find OneLogin in the "Tools" drop-down menu on every Carthage webpage. You may also navigate to OneLogin with this URL: <https://carthage.onelogin.com>.

Once in the OneLogin portal, you will see icons for various resources at Carthage. One of those icons will be for Workday. Click on that icon to access the Workday system.
