## How do I create and use a YouTube account?

Your YouTube account is provided through your Carthage Google Apps account. Use your Carthage Gmail username and password for your YouTube account. Please refer to this [YouTube channel](#) for videos on how to create and manage your YouTube account.

To access your YouTube account:

1. Log into your Carthage Google account.
2. In a new tab, navigate to [www.youtube.com](http://www.youtube.com).
3. You may be automatically signed in once you have signed into your email account. If you are not automatically signed in, click on the “Sign In” button in the upper right corner of the screen.
